

THE HICKMAN COURIER.

HICKMAN, KY.,
FRIDAY, FEB. 15, 1906.

KENTUCKY prohibitionists have been called to meet in Louisville February 26 and 27, to make a nomination for all the state officers to be filed next November.

Secretary C. A. H. estimates that at the end of the present year the Government will have a surplus of \$22,000,000 instead of a deficit.

The secretary of war sent to congress an abstract showing the militia force of the country by States and Territories. The entire force is placed at 116,800. The nonmilitarized military force of the country is 3,500,000.

Gen. Corbitt's Commission health suggests that the country and not the State should pay witness and jurors. That change would cut down the expenditures largely and would be a big saving in the taxpayers.

The following from an exchange: "There is no walking the floor with the door with a woman who has been a prostitute in that direction, 'wrap a cloth closely around the waist, leaving the end open, poor gonorrhea in the end and shake it down into the floor, and then keep it wet with camphor. In two hours the pain will be relieved and perfect cure will follow."

A PAIR CORRESPONDENT of the Nashville Banner, who signs herself "Blasphemy," demands that men as well as women be treated as human beings. For the purpose of this article, she is justifying in attacking the distinctive dress of Mrs. W. to whom she refers as a woman who is allowed to roam around after marriage with the same honorary title they bore as bachelors.

An exchange says a young drummer was taking a vacation with his niece in the country and was suddenly called upon to see the blessing and not being accustomed to it he promptly tackled the difficulty in a most unbecoming way. "We acknowledge the receipt of your favor of this date. Allow us to express our gratitude for this expression of good will. Training that our house may merit your confidence, and that we may have many good orders from you this fall, we are, dear sir, ever, after."

As Gov. Brown seems determined not to call an extra session of the Legislature to increase the tax rate this year in one way or another, it is for the State Board of Equalization that meets next month to raise the tax rate from the State twenty per cent. An increase of twenty per cent, in the assessment is the rate that the payer as an increase of twenty per cent, in the tax rate, and so on, or the other is (inevitable) the former would be the easiest way to settle the question.—Elizabeth's News.

R. L. C. Wherry, grand recorder and master of the Knights of Pythias, in a communication to the American, states that the report that an assessment of \$1 upon each Pythian in the United States will be levied by the Pythian authorities at Hot Springs, Ark., is totally incorrect, and the supreme lodge has not authorized such an assessment. The supreme lodge granted the grand lodge of Arkansas permission to solicit voluntary contributions to erect a auditorium, but no assessment was levied, and no action was taken whether the supreme lodge could order an assessment upon the individual members.

If there be those in our midst who are loath to pay the income tax under the existing law, and who have received income tax forms, they would do well to remember the fact that these blanks have to be filled out and returned by the taxpayer on or before the first Monday in March, and that failure to make such returns renders them liable to the penalties provided by law. Their attention is further called to the fact that the failure of such persons, corporations or companies to receive such blank forms, or to receive any notice relative thereto, cannot be deemed a valid excuse for not rendering them as required by law, and will not prevent or reduce the penalties imposed for failure to comply to make proper returns. Every one who has an income of \$1,000 or more is required to make a return, but only those who have \$4,000 income are required to pay a tax.

The women suffragists, in connection at Atlanta, are making every opportunity of sleeping the men. Mrs. Hoar, of Kentucky, remarked pleasantly that there are two quantities in this world known to man—electricity and women. This statement creates a great applause, which was redoubled when the speaker went on to say that men are not so much interested in electricity as they are in women. A woman was called to the platform and introduced as an illustration that women are the life and soul of our nation. The big man bowed and said that he had never more wished to see a woman so much as he had seen her at the Atlanta conference. The women were white as snow and the men were red as down much delighted.—Commercial Appeal.

More Leave Talk.

Hon. Jas. C. Harris, of Lake County, Tenn., who represents the federal district composed of Ohio, Dyer and the Tennessee Legislature, was interviewed in Nashville last week by a correspondent of the Nashville Commercial Appeal in regard to the building of the Hickman and Tippecanoe levees.

Mr. Harris has devoted considerable time and thought to plans for reclaiming the overflowed lands. There are 30,000 acres of land in Lake, Dyer, Lauderdale and Ohio counties that are overflowed annually from February to July. This land is in present condition is worthless except for the timber, which is being rapidly cut off. By building levees all this land could be reclaimed, and it would soon become one of the richest agricultural sections of the State. It would be necessary to build a levee from Hickman to Highland, at least 10, a dike between the two, and a levee from below Tippecanoe down the Mississippi to Ashport, a distance of fifty miles. It is already a levee from Ashport in the State, a distance of fifteen miles. This is the plan of the United States government, which will constitute this overflowed section a levee district on the Arkansas and Mississippi plan.

In speaking of the cost and his plan of building the levee, Mr. Harris said:

"The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000."

The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000.

The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000.

The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000.

The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000.

The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000.

The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000.

The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000.

The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000. The cost of the levee proposed in the present plan of the government is estimated to be \$1,000,000.

A Post Murderer.

The Union City Commercial last week contained the following account of a foul murder committed in the town of Union City, Ohio, on Saturday night one of the most dastardly crimes of the kind ever committed in this State.

William Wilson was a quiet, unassuming fellow, about 30 years of age, having a family consisting in the county and living a peaceful, honest life with his family. Wilson was a man whose life was a model of industry and honesty. He was a man whose life was a model of industry and honesty. He was a man whose life was a model of industry and honesty.

There will be five eclipses during this year, three of the sun and two of the moon. On the night of March 10 there will be a total eclipse of the moon, beginning at 8 o'clock and ending at 11 o'clock. This will be visible in the United States. Again on the night of September 2 the moon will cross the shadow of the earth and there will be a total eclipse. Eclipses of the sun will occur March 20, August 28 and September 10. Only the first mentioned eclipse of the sun will be visible in the country.

The movement of farmer boys and girls to the cities, says an exchange, has become more of a sentimental matter. It is no longer a matter of necessity, but a matter of choice. The movement of farmer boys and girls to the cities, says an exchange, has become more of a sentimental matter. It is no longer a matter of necessity, but a matter of choice. The movement of farmer boys and girls to the cities, says an exchange, has become more of a sentimental matter. It is no longer a matter of necessity, but a matter of choice.

An exchange says, Two farmers were not long since discussing their local paper. One thought it had been a good thing that the paper had been published. The other replied: "By my opinion the advertisements are far more valuable than the news. I look them over carefully and I have at least five times the number of subscribers than the paper which does not publish advertisements."

The funeral services of Mrs. E. C. Case—"Aunt Sadie"—of the Baptist Church, last Sunday morning, were largely attended by her friends and relatives. The funeral services were conducted by her pastor, Rev. W. D. Starnes, assisted by Rev. W. C. Waters of the Methodist Church. The funeral services were conducted by her pastor, Rev. W. D. Starnes, assisted by Rev. W. C. Waters of the Methodist Church.

—The official Board and Pastor
of the Methodist church have in-
vited Rev. W. H. Evans to hold
a series of meetings. He has
agreed to do so, and will begin
March 13th. Rev. Mr. Evans has
held some wonderful meetings re-
cently, in which hundreds have
been added to the church.

—Flunkers should bear in mind
that it is now unlawful to kill
quail, doves, wild turkeys and
woodcock, and that any person
or persons having any of the
same named in their possession
are subject to a heavy fine.

—The exact age at which an un-
married woman becomes an "old
maid" has never been settled and
perhaps will always remain in
doubt, but Miss Mary McIntyre,
who died at Savannah, Ga., Sat-
urday, last, probably passed the
divided line. Still had lived 70
years and had regained the full
possession of all her faculties
when she died.

—This community was painfully
surprised on Friday morning last
to learn of Mrs. Atwood's death,
which occurred several days after
the residence of her brother, J. W.
Cowell. She had been sick for
some weeks, but few, if any, of
her relatives realized that death
was near. She was a kind and
gentle woman, and was loved
and respected by all who knew
her, and when the dark, chilly
waters of death closed about
her she was not, but laid out
into the earth, knowing that
her father's love and care. The
funeral services were conducted
by Rev. Geo. S. Hinchey, of St.
Paul's Episcopal Church.

—We direct the attention of
our readers to the attractive ad-
vertisement of H. Buchanan in
this issue. He handles nothing
but first-class goods, and his
prices speak for themselves.
He makes a specialty of Fine
Seeds of all kinds, and of the
best varieties, and his comper-
son will be found "rock bottom."
Give him a call before
buying anything in the line.

—Bills Cook, the Indian Terri-
torian outlaw, was sentenced
to serve 45 years in prison.

—Hens Wanted.
I will pay highest prices for

"Aunt Sallie" Dead.

Many of the readers of the
Courier are acquainted with Bro.
Case and "Aunt Sallie." SARAH
ANN, wife of E. Case, was born
Feb. 13, 1813, at Peyton's
Creek, Smith County, Tenn. She
was the eldest daughter of Daniel
M. and Mary Case, and when
she was 20 she was married to Wm.
H. Holt, and immediately after
marriage, in company with her
father and mother, moved to Hick-
man county, Ky., near Clinton,
where they lived 3 years, then
moved to Obion county, Tenn.,
where they lived until the year
1850. Holt then with his family,
moved near Hickman, Ky., where
they lived until Holt's death, Jan.
1855. After Holt's death his wife,
Sarah Ann Holt, moved to the
town of Hickman, where she
could attend herself and three
little children by her needle work.
Sarah Ann Holt was married to
E. Case, Nov. 4th, 1849.

She was the mother of 7 chil-
dren, 4 boys and 3 girls, 4 of which
were still living. She was a
devout Christian, and was a mem-
ber of the Baptist Church in
Hickman, Ky., where she was
buried. She was a very kind
and gentle woman, and was
loved and respected by all who
knew her. She died on Friday
morning last, at the residence of
her brother, J. W. Cowell, at
Hickman, Ky. She was 82 years
old, and had lived 70 years and
had regained the full possession
of all her faculties when she died.

—The exact age at which an un-
married woman becomes an "old
maid" has never been settled and
perhaps will always remain in
doubt, but Miss Mary McIntyre,
who died at Savannah, Ga., Sat-
urday, last, probably passed the
divided line. Still had lived 70
years and had regained the full
possession of all her faculties
when she died.
